Nitri-Hand Blue Nitrile Powder Free Examination Gloves

Bagco Pty Ltd / Derma~Max Group is major supplier of Nitri-Hnad Blue Nitrile Medical Examination gloves. The Nitri-Hand provide consistency, performance and reliability to users. State-of-the-art manufacturing facilities and formulation ensure a tough durable glove, free of objectionable chemical odours and harsh, irritating deodorants. Stronger than either comparable latex or PVC/vinyl gloves. Blue Nitri-Hand nitrile gloves provide an excellent protection from a wide range of chemicals for splash or intermittent contact. Refer to the following chemical resistance guide. Textured palms and fingers offer exceptional wet or dry grip. Available in 9" and 12" lengths, in 4 hand sizes from small to large for a complete range of protection.

Special Features:

- Pure 100% nitrile polymer. Absolutely no natural rubber latex proteins.
- Medical grade for top performance.
- Economical - outperforms PVC and latex for reduced overall glove consumption.
- Rugged - three times more puncture resistant than vinyl or natural rubber gloves of equal thickness
- Comfortable - flexible silky fell eliminates the tiring, constant hand pressure of latex gloves

Product Specifications

- Non Sterile
- Ambidextrous with beaded cuff
- Available in Small, Medium, Large , X-Large, Double X-Large

Thickness	
Fingers	0.12min
Palm	0.10min
Cuff	0.08min
Length	240 or above
